

Policy Briefs

Call 4

Target group: This funding applies to research conducted within one or more of the four defined research themes of the *Maastricht, Working on Europe* research agenda and researchers who wish to publish this research in the form of policy briefs for a clearly defined public and/or societal partner.

Results: Policy briefs and summaries are small reports tailored to the needs of policy makers, so as to inform them about available evidence on specific questions and issues. The material is presented in an accessible and user-friendly format. A minimum of one policy brief is the required output of each application produced within a period of three to nine months. Please note policy briefs should be between 2500 – 7500 words, excluding infographics. The policy brief(s) produced will be part of the collective “policy briefs collection” of Studio Europa and the *Maastricht, Working on Europe* project.

Outreach activities: Researchers contribute positively to the promotion of the overall *Maastricht, Working on Europa* initiative. Affinity or proven creativity in societal impact is seen as a plus for applications.

Funding: Call 4 aims to finance a minimum of ten and a maximum of twelve policy briefs applications per year. We offer a range of funding from €1,500 to €5,000, including overhead, per policy brief, depending on length of the brief and time. Funding is available on a rolling basis as of 15 February until the available budget is spent, meaning first come, first served (given sufficient quality). Please note that there will be peer review and funding is allocated once the final version of the policy brief had been accepted for publication.

Applications may be sent to Studio Europa: info@maastrichteurope.nl. Decisions are communicated within one month after submission.

The application should include:

- The complete template presented below;
- Application should include a concise CV;
- List of publications.
